FORWARD-LOOKING STATEMENTS

This Annual Report on Form 10-K of Terra Tech Corp., a Nevada corporation, contains “forward-looking statements,” as defined in the United States Private Securities Litigation Reform Act of 1995. In some cases, you can identify forward-looking statements by terminology such as “may”, “will”, “should”, “could”, “expects”, “plans”, “intends”, “anticipates”, “believes”, “estimates”, “predicts”, “potential” or “continue” or the negative of such terms and other comparable terminology. These forward-looking statements include, without limitation, statements about our market opportunity, our strategies, competition, expected activities and expenditures as we pursue our business plan, and the adequacy of our available cash resources. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Actual results may differ materially from the predictions discussed in these forward-looking statements. The economic environment within which we operate could materially affect our actual results. Additional factors that could materially affect these forward-looking statements and/or predictions include, among other things: (i) product demand, market and customer acceptance of Terra Tech’s equipment and other goods, (ii) ability to obtain financing to expand its operations, (iii) ability to attract qualified sales representatives, (iv) competition, pricing and development difficulties, (v) ability to integrate GrowOp Technology Ltd. into its operations as a reporting issuer with the Securities and Exchange Commission, and (iv) general industry and market conditions and growth rates and general economic conditions., the exercise of the majority control the Company’s Secretary and director, Amy Almsteier, holds of the Company’s voting securities, other factors over which we have little or no control; and other factors discussed in the Company’s filings with the Securities and Exchange Commission (“SEC”).

Our management has included projections and estimates in this Form 10-K, which are based primarily on management’s experience in the industry, assessments of our results of operations, discussions and negotiations with third parties and a review of information filed by our competitors with the SEC or otherwise publicly available. We caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. We disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events.

All references in this Form 10-K to the “Company”, “Terra Tech Corp.”, “we”, “us,” or “our” are to Terra Tech Corp.

PART I

ITEM 1. BUSINESS

The Company was a “shell company” (as such term is defined in Rule 12b-2 under the Exchange Act) immediately before the completion of the transactions contemplated by the Agreement and Plan of Merger.

On February 9, 2012, we entered into an Agreement and Plan of Merger dated February 9, 2012 (the “Agreement and Plan of Merger”), by and among the Company, TT Acquisitions, Inc., a Nevada corporation and a wholly-owned subsidiary of the Company (“TT Acquisitions”), and GrowOp Technology Ltd., a Nevada corporation (“GrowOp Technology”).

Under the terms and conditions of the Agreement and Plan of Merger, the Company sold 33,998,520 shares of common stock of the Company in consideration for all the issued and outstanding shares in GrowOp Technology. The effect of the issuance is that GrowOp Technology shareholders now held approximately 41.46% of the issued and outstanding shares of common stock of the Company. Separately, TT Acquisitions merged with GrowOp Technology, with the effect that GrowOp Technology became a wholly-owned subsidiary of the Company. Articles of Merger, effecting the merger of GrowOp Technology and TT Acquisitions, were filed with the Secretary of State of the State of Nevada on February 9, 2012.

GrowOp Technology was founded in March 2010, in Oakland, California. GrowOp Technology’s business (now the principal business of Terra Tech) is the integration of best of breed hydroponic equipment with proprietary technology to create sustainable solutions for the cultivation of indoor agriculture. We work closely with expert horticulturists, engineers, and scientists, to develop and manufacture advanced proprietary products for the hydroponic industry. Our products are utilized by horticulture enthusiasts, local urban farmers, and green house growers. We believe that the emerging trend of urban and indoor agriculture has fostered an entrepreneurial push by companies to bring their concept to market. Many of these companies lack both the intellectual resources and manufacturing capabilities to bring their idea to fruition. That is where Terra Tech is positioned. We have the team and the resources to help bring indoor cultivation designs from concept to production. Our products can be found through specialty retailers throughout the United States.

DESCRIPTION OF BUSINESS

Our Corporate History and Background

We were incorporated as Private Secretary, Inc. on July 22, 2008 in the State of Nevada. From inception until we completed our reverse acquisition of GrowOp Technology, the principal business of the Company originally was to develop a software program that would allow for automatic call processing through VoIP technology. On January 27, 2012, the Company filed an amendment to its Articles of Incorporation changing its name to Terra Tech Corp. During that time, we had no revenue and our operations were limited to capital formation, organization, and development of our business plan and target customer market. As a result of the merger with GrowOp Technology, on February 9, 2012 we ceased our prior operations and we are now a holding company and our wholly owned subsidiary engages in the design, marketing and sale of hydroponic equipment with proprietary technology to create sustainable solutions for the cultivation of indoor agriculture.

Reverse Acquisition of GrowOp Technology

On February 9, 2012, we completed a reverse acquisition transaction through a reverse-triangular merger with GrowOp Technology whereby we acquired all of the issued and outstanding shares of GrowOp Technology in exchange for (i) 33,998,520 shares of our common stock, (ii) 100 shares of Series A Preferred Stock, convertible into shares of common stock on a one-for-one basis, and 14,750,000 shares of to-be-created Series B Preferred Stock, each share of which shall be convertible into 5.38425537 shares of common stock, which represents approximately 50.3% of our total shares outstanding, assuming the conversion of all shares of Series A Preferred Stock and Series B Preferred Stock into shares of common stock), immediately following the closing of the transactions contemplated by the Agreement and Plan of Merger. As a result of the transactions contemplated by the Agreement and Plan of Merger, GrowOp Technology became our wholly-owned subsidiary.

The merger transaction with GrowOp Technology was treated as a reverse acquisition, with GrowOp Technology as the acquiror and the Company as the acquired party. Unless the context suggests otherwise, when we refer in this Form 8-K to business and financial information for periods prior to the consummation of the reverse acquisition, we are referring to the business and financial information of GrowOp Technology.

Overview of GrowOp Technology

Through our wholly owned subsidiary, we are a hydroponic equipment design, marketing and sales company headquartered in Irvine, California. We were established in March 2010 and currently operating in Irvine and Oakland, California.

GrowOp Technology's revenue was approximately \$573,794 for the period from March 16, 2010 (Inception) to the fiscal year ended December 31, 2010 and \$817,724 for the twelve months ended December 31, 2011. GrowOp Technology's net loss was approximately \$579,986 for the period from March 16, 2010 (Inception) to the year ended December 31, 2010, and its net loss was approximately \$2,272,612 for the twelve months ended December 31, 2011.

Organization & Subsidiaries

We have one operating subsidiary, GrowOp Technology Ltd.

Service and Program

Terra Tech with its subsidiary GrowOp Technology Ltd. are integrating best of breed hydroponic equipment with proprietary technology to create sustainable solutions for the cultivation of indoor agriculture. We work closely with expert horticulturists, engineers, and scientists, to develop and manufacture advanced proprietary products for the hydroponic industry. Our portable hydroponic trailers, The Big Bud and Little Bud, are custom fabricated proprietary cultivation systems. In addition, our magnetic ballasts, cultivation tents, digital atmospheric controllers and recycling timers, as well as our line of nutrients, are all proprietary in that they are uniquely marketed under our trade-name or have features designed by us that are unique to our products. Third parties manufacture all of our products, with the exception of the mobile hydroponic units, which are built by us locally. We work closely with these factories to institute the features or changes we want to make them "proprietary" in nature.

Our products are utilized by companies, horticulture enthusiasts, local urban farmers, and green house growers. The emerging trend of urban and indoor agriculture has fostered an entrepreneurial push by companies to bring their concept to market. Many of these companies lack the both the intellectual resources and manufacturing capabilities to bring their idea to fruition. That is where Terra Tech is positioned. We have the team and the resources to help bring indoor cultivation designs from concept to production. Our products can be found through specialty retailers throughout the United States.

Our products are interchangeable for all agriculture, medical cannabis included. Seventeen states currently have some form of medical cannabis legalization/decriminalization laws, and we believe that another 10 states will have some form of voting regarding legislation of medical cannabis legalization/decriminalization laws in the next 24 months. Hydroponic equipment, including our line, can be used to cultivate cannabis and we believe that some of our customers are medical cannabis growers. We do not believe that federal or any state laws prohibit us from selling our products to medical cannabis growers.

Growing medical marijuana is deemed to be illegal under the Federal Controlled Substances Act even though such activities may be permissible under state law. A theoretical risk exists that our activities could be deemed to be facilitating the selling or distribution of marijuana in violation of the federal Controlled Substances Act, or to constitute aiding or abetting, or being an accessory to, a violation of that Act. We believe, however, that such a risk is relatively low. Federal authorities have not focused their resources on such tangential or secondary violations of the Act, nor have they threatened to do so, with respect to the manufacture or sale of equipment that might be used by medical cannabis gardeners, or with respect to any supplies marketed to participants in the emerging medical cannabis industry. We are unaware of such a broad application of the Controlled Substances Act by federal authorities, and we believe that such an attempted application would be unprecedented.

Marketing Strategy

We operate in 2 distinct markets:

Commercial AG - Commercial agriculture is beginning to migrate to controlled indoor environments. Every year the US loses significant portions of its fertile agricultural land due to urbanization. In an effort to sustain our population cultivation is moving both indoors as well as vertical. Indoor cultivation allows urban farmers to have multiple harvests throughout the year while maximizing their production of healthy and nutrient dense fruits and vegetables. For example, our research indicates that over 40% of all fresh tomatoes sold in U.S. retail stores are now greenhouse grown. We work with you to help design, develop and manufacture cultivation system which will both maximize you space and mitigate your energy costs. From rooftop/vertical hydroponic and aeroponic systems to custom designed greenhouse management systems Terra Tech is continually developing products and working with strategic partners, like Bayer Crop Sciences, to continually capture market share of this growing industry. We do not have a formal agreement or written contract with Bayer Corp Sciences and have only made sales of certain of our products to Bayer Crop Sciences. We plan to expand our business in this segment by increasing our product lineup as well as our manufacturing capabilities in an effort to keep pace with the growth of the market. We will be budgeting additional capital for R&D as well as hiring a sales force specializing in the commercial market.

Retail AG –Through our retail subsidiary GrowOp Technology Ltd . (www.growopltd.com) we design and manufacture an advanced and affordable line of horticulture equipment for the discerning grower. We have created a product line of affordable and hi quality hydroponic cultivation equipment for the wholesale market. We intend to continue to add SKU's as well as sales force to service the blossoming hydroponic retail market. Our intention is to replicate the 12,000 square foot facility we operate out of Oakland, California in other prime markets including Colorado and Michigan. We are budgeting for warehouse space, management as well other general labor to operate these additional facilities.

In addition to our organic growth through Terra Tech's commercial manufacturing and GrowOp Technology's retail brand we intend to acquire to accelerate growth. We are focused on well-positioned market participants that have a competitive advantage in their respective segment in addition to generating strong operating cash flow.

All of our products listed on www.growopltd.com can be found at retailers around the United States. We have limited selling our retail products directly, and 95% of the sales of our GrowOp brand are done through retailers. All commercial sales are done directly. Currently our retail sales make up over 95% of our total sales.

Competition

Three main manufacturers and distributors currently dominate the market in which we compete: Sunlight Supply, Hydrofarm and BWGS. These companies have been in business for several years, and we estimate they collectively make up over 50% of the market. In addition, there are several smaller distribution companies competing for market share. We believe that pricing is a primary driver in capturing market share, and that offering similar products at discounted pricing helps reduce the barriers to entry. The 3 large retailers have both the size and scope to create significant barriers to entry for smaller companies like Terra Tech. In the commercial market there are several companies that provide agricultural hydroponic equipment to large-scale farmers. These companies are relatively fragmented and generally focus on a few core proprietary items.

Growth Strategy

Our rollup Strategy:

- Fragmented market consists of smaller scale inefficient manufacturers and distribution companies. With our brand recognition and experienced management team we can maximize productivity, provide economies of scale and increase profitability through our public market vehicle.
- Acquiring unique products and niche players where barriers to entry are high and margins are robust providing them with a broader outlet for their products
- Second stage-Acquire multiple production facilities to capture the market vertical from manufacturing to production up to retail.

ITEM RISK FACTORS

1A.

As a “smaller reporting company,” as defined in Rule 12b-2 of the Exchange Act, we are not required to provide the information called for by this Item.

ITEM UNRESOLVED STAFF COMMENTS

1B.

As of December 31, 2012, we had one comment outstanding from the staff of the SEC, by way a letter from the staff of the SEC dated December 10, 2012. The comment stated, in relevant part:

Form 10-Q/A for the Quarterly Period Ended March 31, 2012

Condensed Financial Statements

1.....We note that you have revised your financial statements to include the reverse merger with GrowOp Technology dated February 9, 2012. Although we note details of the previously reported and restated financial statement accounts included within Note 2, please revise the filing to label all financial statements that were restated as “restated.”

We responded to this comment by way of complying with the request in the comment and filing an Amendment No. 2 to Form 10-Q for the fiscal period ended March 31, 2102, on January 10, 2013.

At of the date of filing of this Form 10-K, we had no outstanding comments from the staff of the SEC.

ITEM 2. PROPERTIES

Our current business address is 18101 Von Karman, Third Floor, Irvine, California 92612. Our telephone number is (855) 447-6967.

We believe that this space is adequate for our current needs.

ITEM 3. LEGAL PROCEEDINGS

From time to time, we may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. Litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business.

On March 29, 2011, Dhar Mann and WeGrow Garden Supply LLC filed an Individual and Corporate Complaint for: 1. Breach of Contract; 2. Fraud; 3. Breach of Fiduciary Duty; and 4. Conversion in the Superior Court of the State of California, Alameda County, File No. RG11568327 (the “Dhar Mann Complaint”), against GrowOp Technology Ltd. alleging, among other things, that Mr. Mann is a 37.5% owner of GrowOp since May 23, 2010 and claiming damages of approximately \$2,200,000 in connection with a purported agreement to sell Mr. Mann shares of Common Stock of GrowOp amounting to 37.5% of the issued and outstanding shares of Common Stock of GrowOp. Mr. Mann is also seeking an order from the court prohibiting GrowOp from selling any securities or becoming a public company. GrowOp denies, among other things in the Dhar Mann Complaint, the existence of a purported agreement to sell Mr. Mann shares of Common Stock of GrowOp amounting to 37.5% of the issued and outstanding shares of Common Stock of GrowOp or the damages owed.

GrowOp does not believe this litigation will have a material effect on its business objectives.

ITEM 6. SELECTED FINANCIAL DATA

As a “smaller reporting company,” as defined in Rule 12b-2 of the Exchange Act, we are not required to provide the information called for by this Item.

ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS FOR THE YEAR ENDED DECEMBER 31, 2012 COMPARED TO THE YEAR ENDED DECEMBER 31, 2011:

Total revenues generated from the sales of the Company’s products for the year ended December 31, 2012 totaled \$552,579, a decrease of \$265,145 from the year ended December 31, 2011 which totaled \$817,724. The primary reason was due the improper mix of inventory required by the customers. .

At this stage in the Company’s development, revenues are not yet sufficient to cover ongoing operating expenses.

Gross profits for the year ended December 31, 2012 amounted to \$100,866 for a 18% gross margin. Gross profits decreased \$25,905 for the year ended December 31, 2012 compared to \$126,771 for the year ended December 31, 2011. The decrease in the gross margin was due to lower sales due to management changing from selling trailers outfitted with hydroponic equipment to making and selling the hydroponic equipment..

Selling, general and administrative expenses for the year ended December 31, 2012 were \$1,072,866, a decrease of \$1,291,599 from the year ended December 31, 2011 which totaled \$2,364,465. The major decreases were from consulting and subcontracting fees which decreased \$328,907 for work which is now being performed by individuals within the company. Officer compensation decreased by \$919,208 due to less Preferred Stock issued to officers in 2012. The officers have also waived their compensation until the Company is in a better position to pay them. Professional fees increased \$62,262, due to legal cost incurred to defend against law suits. Research and development decreased \$92,582 due to fewer new products being developed in 2012. Trade show was reduced by \$15,121 since the Company went to fewer trade shows. Warrant expense went up by \$107,400 due to additional warrants issued with a higher volatility.

The Company incurred an impairment of goodwill in connection with the reverse merger on the amount of \$4,799,965.

Interest expense totaled \$62,203 for the year ended December 31, 2012 versus \$32,801 in the year ended December 31, 2011. The increase is due to more debt outstanding in 2012.

The net result for the year ended December 31, 2012 was a loss of \$5,836,369 or \$0.08 per share compared to a loss of \$2,272,612 or \$0.12 for the year ended December 31, 2011. The primary reason for the loss was due to reduced sales caused by not having the proper inventory which was demanded by the customers and the impairment of goodwill

Management will continue to make an effort to lower operating expenses and increase revenue. The Company will continue to invest in further expanding its operations and a comprehensive marketing campaign with the goal of accelerating the education of potential clients and promoting the name and products of the Company. Given the fact that most of the operating expenses are fixed or have quasi-fixed character management expects them to significantly decrease as a percentage of revenues as revenues increase.

LIQUIDITY AND CAPITAL RESOURCES

The Company's future success is dependent upon its ability to achieve profitable operations and generate cash from operating activities, and upon additional financing. Management believes they can raise the appropriate funds needed to support their business plan and develop an operating, cash flow positive company.

The Company incurred net losses for the twelve months ended December 31, 2012 and has accumulated a deficit of \$8,688,967 at December 31, 2012. The Company has not been able to generate sufficient cash from operating activities to fund its ongoing operations. There is no guarantee that the Company will be able to generate enough revenue and/or raise capital to support its operations. These factors raise substantial doubt about the Company's ability to continue as a going concern. The Company has never reported Net Income.

The condensed consolidated financial statements do not include any adjustments relating to the recoverability or classification of recorded assets and liabilities that might result should the Company be unable to continue as a going concern.

The Company's business operations generally have been financed by debt investments through promissory notes with accredited investors and equity investments in the common stock of the Company by accredited investors. During the twelve months of 2012, the Company obtained new debt from the issuance of unsecured promissory notes that supplied the funds that were needed to finance operations during the reporting period. Such net new borrowings resulted in the receipt by the Company of \$69,304. The Company also issued 523,333 shares of common stock for \$180,000. While these funds sufficed to compensate for the negative cash flow from operations they were not sufficient to build up a liquidity reserve. As a result, the Company's financial position at the end of the reporting period showed a working capital deficit of \$494,190. During the first twelve months of 2012 the Company obtained new financing sufficient to fund ongoing working capital requirements. We need to continue to raise funds to cover working capital requirements until we are able to raise revenues to a point of positive cash flow.

OFF-BALANCE SHEET ARRANGEMENTS

We have no off-balance sheet arrangements.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

TERRA TECH CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

We were incorporated as Private Secretary, Inc. on July 22, 2008 in the State of Nevada. From inception until we completed our reverse acquisition of GrowOp Technology, the principal business of the Company originally was to develop a software program that would allow for automatic call processing through VoIP technology. On January 27, 2012, the Company filed an amendment to its Articles of Incorporation changing its name to Terra Tech Corp. During that time, we had no revenue and our operations were limited to capital formation, organization, and development of our business plan and target customer market. As a result of the merger with GrowOp Technology, on February 9, 2012 we ceased our prior operations and we are now a holding company and our wholly owned subsidiary engages in the design, marketing and sale of hydroponic equipment with proprietary technology to create sustainable solutions for the cultivation of indoor agriculture.

Recent Developments

On February 9, 2012, Terra Tech Corp. (formerly named, "Private Secretary, Inc.") , a Nevada corporation (the "Company") entered into an Agreement and Plan of Merger dated February 9, 2012 (the "Agreement and Plan of Merger"), by and among the Company, TT Acquisitions, Inc., a Nevada corporation and a wholly-owned subsidiary of the Company ("TT Acquisitions"), and GrowOp Technology Ltd., a Nevada corporation ("GrowOp Technology").

Under the terms and conditions of the Agreement and Plan of Merger, the Company sold 33,998,500 shares of common stock of the Company in consideration for all the issued and outstanding shares in GrowOp Technology. The effect of the issuance is that GrowOp Technology shareholders now hold approximately 41.46% of the issued and outstanding shares of common stock of the Company. Separately, TT Acquisitions merged with GrowOp Technology, with the effect that GrowOp Technology is a wholly-owned subsidiary of the Company. Articles of Merger, effecting the merger of GrowOp Technology and TT Acquisitions, were filed with the Secretary of State of the State of Nevada on February 9, 2012.

GrowOp Technology was founded in March 2010, in Oakland, California. GrowOp Technology's business (now the principal business of Terra Tech) is the integration of best of breed hydroponic equipment with proprietary technology to create sustainable solutions for the cultivation of indoor agriculture. We work closely with expert horticulturists, engineers, and scientists, to develop and manufacture advanced proprietary products for the hydroponic industry. Our products are utilized by horticulture enthusiasts, local urban farmers, and green house growers. We believe that the emerging trend of urban and indoor agriculture has fostered an entrepreneurial push by companies to bring their concept to market. Many of these companies lack both the intellectual resources and manufacturing capabilities to bring their idea to fruition. That is where Terra Tech is positioned. We have the team and the resources to help bring indoor cultivation designs from concept to production. Our products can be found through specialty retailers throughout the United States.

The accompanying unaudited condensed financial statements include all of the accounts of Terra Tech. These condensed financial statements have been prepared in accordance with accounting principals generally accepted in the United States for financial information and with the instructions to Form S-1 and Regulation S-X. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair presentation have been included.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Use of Estimates

The preparation of the financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Company applies fair value accounting for all financial assets and liabilities and non-financial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. The Company defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities, which are required to be recorded at fair value, the Company considers the principal or most advantageous market in which the Company would transact and the market-based risk measurements or assumptions that market participants would use in pricing the asset or liability, such as risks inherent in valuation techniques, transfer restrictions and credit risk. Fair value is estimated by applying the following hierarchy, which prioritizes the inputs used to measure fair value into three levels and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs that are generally unobservable and typically reflect management's estimate of assumptions that market participants would use in pricing the asset or liability.

The Company's valuation techniques used to measure the fair value of money market funds and certain marketable equity securities were derived from quoted prices in active markets for identical assets or liabilities. The valuation techniques used to measure the fair value of all other financial instruments, all of which have counterparties with high credit ratings, were valued based on quoted market prices or model driven valuations using significant inputs derived from or corroborated by observable market data.

In accordance with the fair value accounting requirements, companies may choose to measure eligible financial instruments and certain other items at fair value. The Company has not elected the fair value option for any eligible financial instruments.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Accounts Receivable

The Company reviews all outstanding accounts receivable for collectability on a quarterly basis. An allowance for doubtful accounts is recorded for any amounts deemed uncollectable. The Company does not accrue interest receivable on past due accounts receivable. As of December 31, 2012 there was a reserve of \$85,576 against the collection of accounts receivable.

Prepaid Inventory

Prepaid inventory represents deposits made to foreign manufacturers for purchase orders of specific inventory.

Notes receivable

Notes receivable due from customers are unsecured loans which assist with the purchase of products. The notes range from twelve to eighteen months and bear interest at the annual rates of 4% to 9%. A corresponding reserve is established for any uncollectable interest. As of December 31, 2012 there was a 100 percent reserve or \$29,424 against the collection of notes receivable.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets: 3-8 years for machinery and equipment, leasehold improvements are amortized over the shorter of the estimated useful lives or the underlying lease term. Repairs and maintenance expenditures which do not extend the useful lives of related assets are expensed as incurred.

Revenue Recognition

Revenue is recognized net of discounts, rebates, promotional adjustments, price adjustments and estimated returns and upon transfer of title and risk to the customer which occurs at shipping (F.O.B. terms). Upon shipment, the Company has no further performance obligations and collection is reasonably assured as the majority of sales are paid for prior to shipping.

Cost of Goods Sold

Management decided to change the focus of the business in 2011 to designing, manufacturing and selling hydroponic equipment where favorable gross margins are achieved.

Research and Development

Research and development costs are expensed as incurred.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Income Taxes

The Company provides for income taxes based on enacted tax law and statutory tax rates at which items of income and expenses are expected to be settled in the Company's income tax return. Certain items of revenue and expense are reported for Federal income tax purposes in different periods than for financial reporting purposes, thereby resulting in deferred income taxes. Deferred taxes are also recognized for operating losses that are available to offset future taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. The Company has incurred net operating losses for financial-reporting and tax-reporting purposes. Accordingly, for Federal and state income tax purposes, the benefit for income taxes has been offset entirely by a valuation allowance against the related federal and state deferred tax asset for the twelve months ended December 31, 2012.

Loss Per Common Share

Net loss per share, in accordance with the provisions of ASC 260, "Earnings Per Share" is computed by dividing net loss by the weighted average number of shares of Common Stock outstanding during the period. During a loss period, the effect of the potential exercise of stock options, warrants, convertible preferred stock and convertible debt are not considered in the diluted income (loss) per share calculation since the effect would be anti-dilutive. The results of operations were a net loss for the twelve months ended December 31, 2012 therefore the basic and diluted weighted average common shares outstanding were the same.

Recently Issued Accounting Standards

Management does not expect the adoption of recently issued accounting pronouncements to have a significant impact on our results of operations, financial position or cash flow.

TERRA TECH CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

2. GOING CONCERN

The Company's future success is dependent upon its ability to achieve profitable operations and generate cash from operating activities, and upon additional financing. Management believes they can raise the appropriate funds needed to support their business plan and develop an operating company which is cash flow positive.

However, the Company has incurred net losses for the twelve months ended December 31, 2012 and has accumulated a deficit of approximately \$8.69 million at December 31, 2012. The Company has not been able to generate sufficient cash from operating activities to fund its ongoing operations. There is no guarantee that the Company will be able to generate enough revenue and/or raise capital to support its operations. These factors raise substantial doubt about the Company's ability to continue as a going concern.

The condensed financial statements do not include any adjustments relating to the recoverability or classification of recorded assets and liabilities that might result should the Company be unable to continue as a going concern.

3. CONCENTRATIONS OF BUSINESS AND CREDIT RISK

The Company maintains cash balances in several financial institutions which are insured by the Federal Deposit Insurance Corporation up to certain federal limitations.

The Company provides credit in the normal course of business to customers located throughout the U. S. The Company performs ongoing credit evaluations of its customers and maintains allowances for doubtful accounts based on factors surrounding the credit risk of specific customers, historical trends, and other information.

4. REVERSE MERGER

On February 9, 2012, the Company completed a reverse merger transaction through a merger with GrowOp Technology whereby we acquired all of the issued and outstanding shares of GrowOp Technology in exchange for 33,998,520 shares of our common stock, which represented approximately 41.4% of our total shares outstanding immediately following the closing of the transaction. As a result of the reverse acquisition, GrowOp Technology became our wholly owned subsidiary and the former shareholders of GrowOp Technology became our controlling stockholders. The share exchange transaction with GrowOp Technology was treated as a reverse acquisition, with GrowOp Technology as the acquiror and the Company as the acquired party.

On February 26, 2012, pursuant the Agreement and Plan of Merger, the Company issued an aggregate of 100 shares of Series A Preferred Stock and 14,750,000 shares of Series B Preferred Stock to Derek Peterson and Amy Almsteier, both of whom are officers and directors of the Company. The Company offered and sold the shares in reliance on the exemption from registration pursuant to Section 4(2) of Securities Act and Rule 506 of Regulation D promulgated thereunder.

TERRA TECH CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

REVERSE MERGER, Continued

Purchase Accounting

The Acquisition was accounted for using the purchase method of accounting as a reverse acquisition. In a reverse acquisition, the post-acquisition net assets of the surviving combined company includes the historical cost basis of the net assets of the accounting acquirer (GrowOp Technologies Ltd.) plus the fair value of the net assets of the accounting acquiree (Terra Tech Corp). Further, under the purchase method, the purchase price is allocated to the assets acquired and liabilities assumed based on their estimated fair values and the excess of the purchase price over the estimated fair value of the identifiable net assets is allocated to any intangible assets with the remaining excess purchase price over net assets acquired allocated to goodwill.

The fair value of the consideration transferred in the Acquisition was \$4,800,000 and was calculated as the number of shares of common stock that GrowOp Technologies Ltd. would have had to issue in order for Terra Tech Corp. shareholders to hold a 58.6% equity interest in the combined Company post-acquisition, multiplied by the estimated fair value of the Company's common stock on the acquisition date. The estimated fair value of the Company's common stock was based on the offering price of the common stock sold in a private placement of share subscriptions which was completed most recently prior to the merger. This price was determined to be the best indication of fair value on that date since the price was based on an arm's length negotiation with a group consisting of both new and existing investors that had been advised of the pending Acquisition and assumed similar liquidity risk as those investors holding the majority of shares being valued as purchase consideration.

The following table summarizes the Company's determination of fair values of the assets acquired and the liabilities as of the date of acquisition.

Consideration - issuance of securities	\$ 4,800,000
Cash	\$ 35
Goodwill	<u>4,799,965</u>
Total purchase price	<u>\$ 4,800,000</u>

The Company performed an impairment test related to goodwill as of the date of the merger and it was determined that goodwill was impaired. At that time, the Company recorded a charge to operations for the amount of the impairment of \$4,799,965.

TERRA TECH CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

5. INVENTORIES

Inventories consist of finished goods for the Company's product lines. Cost-of-goods sold are calculated using the average costing method. Inventory costs include direct materials, direct labor and cost of freight. The Company reviews its inventory periodically to determine net realizable value and considers product upgrades in its periodic review of realizability. The Company writes down inventory, if required, based on forecasted demand and technological obsolescence. These factors are impacted by market and economic conditions, technology changes and new product introductions and require estimates that may include uncertain elements. Inventories consist of the following:

	December 31, 2012	December 31, 2011
Finished Goods	<u>\$ 256,714</u>	<u>\$ 515,014</u>

6. PROPERTY AND EQUIPMENT

ITEM CONTROLS AND PROCEDURES

9A.

DISCLOSURE CONTROLS AND PROCEDURES

Under the supervision and with the participation of our management, including our President and Chief Executive Officer, and including our Chief Financial Officer, we are responsible for conducting an evaluation of the effectiveness of the design and operation of our internal controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of the end of the fiscal year covered by this report. Disclosure controls and procedures means that the material information required to be included in our Securities and Exchange Commission ("SEC") reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms relating to our company, including any consolidating subsidiaries, and was made known to us by others within those entities, particularly during the period when this report was being prepared. Based on this evaluation, our principal executive officer and principal financial officer concluded as of the evaluation date that our disclosure controls and procedures were effective as of December 31, 2012.

MANAGEMENT'S ANNUAL REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

As of December 31, 2012, management assessed the effectiveness of our internal control over financial reporting. The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. Internal control over financial reporting is defined in Rule 13a-15(f) or 15d-15(f) promulgated under the Securities Exchange Act of 1934, as amended, as a process designed by, or under the supervision of, the Company's Chief Executive Officer and the Company's Chief Financial Officer and effected by the Company's Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP in the United States of America and includes those policies and procedures that:

- Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect our transactions and dispositions of our assets;
- Provide reasonable assurance our transactions are recorded as necessary to permit preparation of our financial statements in accordance with GAAP, and that receipts and expenditures are being made only in accordance with authorizations of our management and directors; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statement.

In evaluating the effectiveness of our internal control over financial reporting, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”) in Internal Control – Integrated Framework. Based on that evaluation, completed only by Derek Peterson, our President and Chief Executive Officer, and Michael James, our Chief Financial Officer, Messrs. Peterson and James concluded that, during the period covered by this report, such internal controls and procedures were not effective to detect the inappropriate application of US GAAP rules as more fully described below.

This was due to deficiencies that existed in the design or operation of our internal controls over financial reporting that adversely affected our internal controls and that may be considered to be material weaknesses.

The matters involving internal controls and procedures that our management considered to be material weaknesses under the standards of the Public Company Accounting Oversight Board were: (i) lack of a functioning audit committee due to a lack of a majority of independent members and a lack of a majority of outside directors on our board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; (ii) inadequate segregation of duties consistent with control objectives; and (iii) ineffective controls over period end financial disclosure and reporting processes. The aforementioned material weaknesses were identified by our President and Chief Executive Officer, and by our Chief Financial Officer, in connection with the review of our financial statements as of December 31, 2012.

Management believes that the lack of a functioning audit committee and the lack of a majority of outside directors on our board of directors results in ineffective oversight in the establishment and monitoring of required internal controls and procedures, which could result in a material misstatement in our financial statements in future periods.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING.

There were no changes in the Company’s internal control over financial reporting that occurred during the fourth quarter of the year ended December 31, 2012 that have materially affected, or that are reasonably likely to materially affect, the Company’s internal control over financial reporting.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

Our executive officer's and director's and their respective age's as of December 31, 2012 are as follows:

Name	Age	Positions and Offices
Derek Peterson	38	President and Chief Executive Officer, and Chairman of the Board of Directors
Amy Almsteier	31	Secretary, Treasurer and Director
Michael James	55	Chief Financial Officer
Michael A. Nahass	47	Director
Edward Piatt	32	Director
Steven J. Ross	54	Director

The directors named above will serve until the next annual meeting of the stockholders or until their respective resignation or removal from office. Thereafter, directors are anticipated to be elected for one-year terms at the annual stockholders' meeting. Officers will hold their positions at the pleasure of the Board of Directors, absent any employment agreement, of which none currently exists or is contemplated.

Set forth below is a brief description of the background and business experience of our executive officers and directors for the past five years.

Derek Peterson **President and Chief Executive Officer, Chairman of the Board of Directors**

Derek Peterson has served as our President and Chief Executive Officer, and Chairman of the Board of Directors, since February 9, 2012. Mr. Peterson began his career in finance with Crowell, Weedon & Co, the largest independent broker-dealer on the West Coast. In his 6 years there, Mr. Peterson became a partner and Branch supervisor where he was responsible for sales of over \$10 Million. Mr. Peterson was offered an opportunity to build a southern Orange County presence for Wachovia Securities, where he became a 1st Vice President and Branch Manager for their Mission Viejo Location. He was instrumental in growing that office from the ground up, into the \$15 million dollar office it is today. After his term at Wachovia, Mr. Peterson accepted an opportunity for a Senior Vice President position with Morgan Stanley Smith Barney, where he and his team oversaw combined assets of close to \$100 Million. In addition, he has also been involved in several public and private equity financings, where he has personally funded several projects from Angel to Mezzanine levels. Mr. Peterson is a CFP® Professional and holds his Series 7, General Securities Sales Supervisor Series 9 and 10, National Commodity Futures Series 3, Series 65 and California Insurance License. Mr. Peterson holds a degree in Business Management from Pepperdine University. On February 22, 2012, Mr. Peterson filed a petition for bankruptcy in the United States Bankruptcy Court for the Central District of California. Mr. Peterson's background in investment banking led to our conclusion that he should serve as a director in light of our business and structure.

Amy Almsteier **Secretary, Treasurer, and Director**

Ms. Almsteier has served as our Secretary, Treasurer and a Director since February 9, 2012. Ms. Almsteier began her career running a commercial and residential remodeling firm based in Orange County, California. She has spent the last decade working in the design industry where she morphed into a commercial "green" consultant focusing on space planning and commercial design using renewable and recycled materials and systems. She has become an expert in renewable energy solutions including solar, natural gas and reverse osmosis systems. She has worked with hundreds of clients in an effort to build and design award winning projects with the lowest possible carbon footprint. Ms. Almsteier graduated with a Bachelor's of Science in Design from University of Nebraska Lincoln's College of Architecture and studied abroad at American Intercontinental University in London, England. Ms. Almsteier's background in design led to our conclusion that she should serve as a director in light of our business and structure.

Michael James
Chief Financial Officer

Mr. James has served as our Chief Financial Officer since April 17, 2011. In addition to his role at Terra Tech, Michael James became CEO and CFO of Inergetics, Inc on June 11, 2012. Michael served as CFO since July 1, 2010 and has served as a member of the Company's Board of Directors since September 2009. Previously, Michael served as CEO of Nestor, Inc. where he successfully completed a financial restructuring of the Company prior to its sale in September 2009 from the Receiver's Estate in Superior Court of the State of Rhode Island. He also served on Nestor's Board of Directors from 2006 to 2009 and has been the Managing Partner of Kuekenhof Capital Management, LLC, a private investment management company, for the past ten years where he serves as Managing Director of Kuekenhof Equity Fund, L.P. and Kuekenhof Partners. Michael is also a director of Guided Therapeutics, Inc. where he serves as Chairman of the Compensation Committee and serves on the Audit Committee. During his career, Michael James has served as a Partner at Moore Capital Management, Inc., a premiere private investment management company as well as Chief Financial and Administrative Officer at Buffalo Partners, L.P., a private investment management company and Treasurer and CFO of National Discount Brokers. Mr. James began his career in 1980 as a staff accountant with Eisner, LLP.

Michael Nahass
Director

Mr. Nahass has served as a Director since January 26, 2012. Mr. Nahass also served as our President, Secretary and Treasurer from January 26, 2012 until February 9, 2012. Since August 2011, Mr. Nahass, age 46, has served as Managing Director of Arque Capital, Ltd., of Irvine, California. From September 2009 until August 2011, Mr. Nahass was a Partner, and served as Managing Director/COO of, NMS Capital Asset Management, Inc. ("NMS Capital"). Additionally, while at NMS Capital, Mr. Nahass served as Chief Portfolio Manager of the NMS Platinum Funds, LLC. From February 1995 until April 2007, Mr. Nahass was employed in various positions at Morgan Stanley, where his last position was Senior Vice President and Complex Manager, where he directly managed over 200 financial advisors with approximately \$20 billion in assets under management. With over 20 years of financial services experience, Mr. Nahass has been and is responsible for private client services, business development, regulatory compliance and strategic development. Mr. Nahass holds a B.S. in Business Administration (1988) from Fairleigh Dickenson University. In addition he also holds NASD Series 3 (National Commodity Futures), Series 7 (General Securities Representative), Series 8 (Supervisory), Series 31 (Managed Futures) and Series 65 (Investment Advisor Representative) licenses. On May 13, 2009, Mr. Nahass filed a petition for bankruptcy in the United States Bankruptcy Court for the Central District of California, Case No. 8:09-bk 14465-TA. The discharge date was August 17, 2011. Mr. Nahass's background in investment banking led to our conclusion that he should serve as director in light of our business and structure.

Edward Piatt
Director

Mr. Piatt has served as a Director since February 9, 2012. Edward Piatt is an experienced, LEED Accredited Architect currently working in San Francisco, California. He received his Bachelors of Science in Design (2002) and his Masters of Architecture (2004) from the University of Nebraska, Lincoln. Edward has worked in Los Angeles, New York and San Francisco, where he gained experience in all phases of projects, from conceptual design through construction, documentation and administration. Current and recent projects include Yahoo! Corporate Headquarters; Lawrence Berkeley National Laboratory-New General Purpose Lab; Princeton University Campus Master Plan and Creative Performing Arts Initiative; Kaohsiung International Competition; and many other notable projects in commercial, retail, higher education, and industrial/ product design. Mr. Piatt's background in architecture, design and construction led to our conclusion that he should serve as director in light of our business and structure.

Steven J. Ross
Director

Mr. Ross, age 54, has over 25 years of senior management experience, ranging from high growth private companies to multi-billion dollar divisions of public enterprises. Mr. Ross is currently Managing Director of MTN Capital Partners, a New York-based Private Equity firm focused on lower middle market transactions. He joined MTN in 2011 after completing the sale of his previous business and is responsible for deal generation and execution in the Western United States, operating from Newport Beach, California. Mr. Ross is also the Lead Director for the Longhai Steel Company, a major steel wire producer based in Xingtai, China. Previously, Mr. Ross was CEO of National Investment Managers from 2006 until its sale to a Private Equity firm in 2011. Under Mr. Ross' leadership, the company became the largest independent retirement services company in the country with over \$11 billion in assets under administration and operations in 17 cities in the United States.

Between 2001 and 2006, Mr. Ross served as Chairman and CEO of DynTek. During his tenure he successfully transitioned the company from a \$5 million software development company to a leading provider of information technology services with annual revenues of over \$100 million. From 1998 to 2001, Mr. Ross was Vice President and General Manager of the Computer Systems Division of Toshiba America with overall responsibility for Toshiba's \$3 billion computer business in the US and South America. Prior to joining Toshiba, from 1996 to 1998, Mr. Ross served as President & General Manager – Computer Reseller Division and President of Corporate Marketing at Inacom, a \$7 billion Fortune 500 provider of computer products and services. He directed Inacom's largest operating division, at \$2.5 billion, as well as overall corporate and strategic marketing. Prior to his employment at Inacom, Mr. Ross served as Senior Vice President, Sales & Business Development, for Intelligent Electronics, a \$3.5 billion Fortune 500 computer reseller, at the time the largest independent supplier of information technology in the United States. Mr. Ross has also held senior management positions at Dell Computer Corporation and PTXI/Bull HN Information Systems.

Mr. Ross has served as Vice-Chairman of the Board of the Computing Technology Industry Association (COMPTIA) and as a board member of the US Internet Industry Association (USIIA). Mr. Ross is an alumnus of Harvard University and a graduate of the Advanced Management Program at Harvard Business School. Mr. Ross's business experience led to our conclusion that he should serve as director in light of our business and structure.

TERM OF OFFICE

All directors hold office until the next annual meeting of the stockholders of the Company and until their successors have been duly elected and qualified. The Company's Bylaws provide that the Board of Directors will consist of no less than three members. Officers are elected by and serve at the discretion of the Board of Directors.

DIRECTOR INDEPENDENCE

Our board of directors is currently composed of five members, one of whom, Steven J. Ross, qualifies as an independent director in accordance with the published listing requirements of the NASDAQ Global Market. The NASDAQ independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his family members has engaged in various types of business dealings with us. In addition, our board of directors has not made a subjective determination as to each director that no relationships exist which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, though such subjective determination is required by the NASDAQ rules. Had our board of directors made these determinations, our board of directors would have reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management.

CERTAIN LEGAL PROCEEDINGS

No director, nominee for director, or executive officer of the Company has appeared as a party in any legal proceeding material to an evaluation of his ability or integrity during the past five years.

SIGNIFICANT EMPLOYEES AND CONSULTANTS

Other than our officers and directors, we currently have no other significant employees.

AUDIT COMMITTEE AND CONFLICTS OF INTEREST

Since we do not have an audit or compensation committee comprised of independent directors, the functions that would have been performed by such committees are performed by our directors. The Board of Directors has not established an audit committee and does not have an audit committee financial expert, nor has the Board of Directors established a nominating committee. The Board is of the opinion that such committees are not necessary since the Company is an early exploration stage company and has only two directors, and to date, such directors have been performing the functions of such committees. Thus, there is a potential conflict of interest in that our directors and officers have the authority to determine issues concerning management compensation, nominations, and audit issues that may affect management decisions.

There are no family relationships among our directors or officers. Other than as described above, we are not aware of any other conflicts of interest with any of our executive officers or directors.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, file reports of ownership and changes in ownership with the SEC. Executive officers, directors and greater-than-ten percent stockholders are required by SEC regulations to furnish us with all Section 16(a) forms they file. Based on our review of filings made on the SEC website, and the fact of us not receiving certain forms or written representations from certain reporting persons that they have complied with the relevant filing requirements, we believe that, during the year ended December 31, 2012, all of our executive officers, directors and greater-than-ten percent stockholders complied with all Section 16(a) filing requirements.

CODE OF ETHICS

The Company has not adopted a code of ethics that applies to its principal executive officers, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The Company has not adopted a code of ethics because it has only recently commenced operations.

None of our directors have received monetary compensation since our inception until December 31, 2012. We currently do not pay any compensation to our directors serving on our board of directors.

STOCK OPTION GRANTS

We have not granted any stock options to the executive officers since our inception. Upon the further development of our business, we will likely grant options to directors and officers consistent with industry standards for junior mineral exploration companies.

EMPLOYMENT AGREEMENTS

The Company is not a party to any employment agreement and, with the exception of one person, Steven J. Ross, has no compensation agreement with any of its officers and directors.

Pursuant to an Independent Director Agreement dated July 23, 2012 by and between Terra Tech Corp. and Steven J. Ross, the Company has agreed to pay Mr. Ross \$2,000 per month, commencing immediately following any financing, either debt or equity, in excess of \$1,000,000 that the Company receives during his term as a director, and issue to Mr. Ross, an aggregate of 300,000 restricted shares of the Company's common stock (such payment and issuance, the "Compensation"), one-half (1/2) of the shares to be vested on the date of appointment, and the remaining one-half (1/2) of the shares to be vested on May 31, 2013. The board of directors of the Company reserves the right to change the Compensation from time to time, to take into consideration the responsibilities associated with different committees in setting Compensation levels and to grant additional restricted shares periodically, which may vary from the terms described in this section. If Mr. Ross ceases to serve as a director on the Company's Board at any time and for any reason prior to a grant date associated with any restricted shares, all restricted shares described in the restricted share agreement that have not been granted as of such time of cessation of services will not be granted. All such cancelled or forfeited restricted shares shall be returned to the Company's incentive pool.

The Company and Mr. Ross also entered into an Indemnification Agreement with the Company, dated July 23, 2012, whereby the Company has agreed to indemnify Mr. Ross for claims against him that may arise in connection with the performance of his duties as a director for the Company.

ITEM SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table lists, as of December 31, 2012, the number of shares of common stock of our Company that are beneficially owned by (i) each person or entity known to our Company to be the beneficial owner of more than 5% of the outstanding common stock; (ii) each officer and director of our Company; and (iii) all officers and directors as a group. Information relating to beneficial ownership of common stock by our principal shareholders and management is based upon information furnished by each person using “beneficial ownership” concepts under the rules of the Securities and Exchange Commission. Under these rules, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or direct the voting of the security, or investment power, which includes the power to vote or direct the voting of the security. The person is also deemed to be a beneficial owner of any security of which that person has a right to acquire beneficial ownership within 60 days. Under the Securities and Exchange Commission rules, more than one person may be deemed to be a beneficial owner of the same securities, and a person may be deemed to be a beneficial owner of securities as to which he or she may not have any pecuniary beneficial interest. Except as noted below, each person has sole voting and investment power. Unless otherwise specified, the address of each of the persons set forth below is in care of the Company, at the address of: 18101 Von Karman, Third Floor, Irvine, California 92612.

ITEM CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS
13.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

On February 9, 2012, we entered into an Agreement and Plan of Merger dated February 9, 2012 (the “Agreement and Plan of Merger”), by and among the Company, TT Acquisitions, Inc., a Nevada corporation and a wholly-owned subsidiary of the Company (“TT Acquisitions”), and GrowOp Technology Ltd., a Nevada corporation (“GrowOp Technology”). Under the terms and conditions of the Agreement and Plan of Merger, the Company sold 33,998,520 shares of common stock of the Company in consideration for all the issued and outstanding shares in GrowOp Technology. The effect of the issuance is that, immediately subsequent to the issuance, GrowOp Technology shareholders held approximately 41.46% of the issued and outstanding shares of common stock of the Company. Separately, TT Acquisitions merged with GrowOp Technology, with the effect that GrowOp Technology became a wholly-owned subsidiary of the Company. Articles of Merger, effecting the merger of GrowOp Technology and TT Acquisitions, were filed with the Secretary of State of the State of Nevada on February 9, 2012.

Pursuant to an Independent Director Agreement dated July 23, 2012 by and between Terra Tech Corp. and Steven J. Ross, the Company has agreed to pay Mr. Ross \$2,000 per month, commencing immediately following any financing, either debt or equity, in excess of \$1,000,000 that the Company receives during his term as a director, and issue to Mr. Ross, an aggregate of 300,000 restricted shares of the Company’s common stock (such payment and issuance, the “Compensation”), one-half (1/2) of the shares to be vested on the date of appointment, and the remaining one-half (1/2) of the shares to be vested on May 31, 2013. The board of directors of the Company reserves the right to change the Compensation from time to time, to take into consideration the responsibilities associated with different committees in setting Compensation levels and to grant additional restricted shares periodically, which may vary from the terms described in this section. If Mr. Ross ceases to serve as a director on the Company’s Board at any time and for any reason prior to a grant date associated with any restricted shares, all restricted shares described in the restricted share agreement that have not been granted as of such time of cessation of services will not be granted. All such cancelled or forfeited restricted shares shall be returned to the Company’s incentive pool.

The Company and Mr. Ross also entered into an Indemnification Agreement with the Company, dated July 23, 2012, whereby the Company has agreed to indemnify Mr. Ross for claims against him that may arise in connection with the performance of his duties as a director for the Company.

We issued an unsecured promissory note dated December 2, 2011 and due December 2, 2012, issued to an entity controlled by Michael James, an officer of the Company, bearing interest at a rate of 15% per annum. The maturity date was extended until February 28, 2013. Interest shall be paid in cash or common stock at the holders’ option. Principal in the amount of \$15,000 has been paid during the twelve months ended December 31, 2012.

We issued an unsecured promissory note dated December 2, 2011 and due December 2, 2012, issued to Michael Nahass, a director of the Company, bearing interest at a rate of 15% per annum. The maturity date was extended until February 28, 2013. Interest shall be paid in cash or common stock at the holders’ option. Principal in the amount of \$30,002 has been paid during the twelve months ended December 31, 2012.

ITEM PRINCIPAL ACCOUNTING FEES AND SERVICES
14.

For the year ended December 31, 2012 and 2010, the total fees charged to the company for audit services, including quarterly reviews were \$35,325 and \$51,325, for audit-related services were \$35,325 and \$51,325 and for tax services and other services were \$0 and \$0, respectively.

**SECTION 302 CERTIFICATION
OF PRINCIPAL EXECUTIVE OFFICER OF TERRA TECH CORP.**

I, Derek Peterson, certify that:

1. I have reviewed this report on Form 10-K of Terra Tech Corp.
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
